集尘电锤

220V

集尘电锤

This diagram illustrates the exploded view of a mechanical assembly, likely a power tool or machine component. The parts are numbered as follows:

- 112**: A small circular component at the top center.
- 113**: A ring-like component on the top left.
- 114**: A circular component with a central hub on the top left.
- 115**: A wheel-like component on the top left.
- 116**: A small pin or screw on the middle left.
- 117**: A rectangular component with a circular feature on the middle left.
- 118**: A long, thin rectangular component on the middle right.
- 119**: A long, thin rectangular component on the middle right.
- 120**: A small rectangular component on the middle left.
- 121**: A long, thin rectangular component on the middle left.
- 122**: A small rectangular component on the middle left.
- 123**: A long, thin rectangular component on the middle left.
- 124**: A small rectangular component on the middle left.
- 125**: A small rectangular component on the middle left.
- 126**: A small rectangular component on the middle left.
- 127**: A small rectangular component on the middle left.
- 128**: A small rectangular component on the middle left.
- 129**: A small rectangular component on the middle left.
- 130**: A long, coiled spring on the middle right.
- 131**: A small rectangular component on the middle right.
- 132**: A small rectangular component on the middle right.
- 133**: A small pin or screw on the middle right.
- 134**: A large, complex component on the middle right.
- 135**: A small circular component on the middle right.
- 136**: A small circular component on the middle right.
- 137**: A small rectangular component on the bottom left.
- 138**: A small rectangular component on the bottom left.
- 139**: A large, complex component on the bottom left.
- 140**: A small rectangular component on the bottom right.
- 141**: A small rectangular component on the bottom right.
- 142**: A large, rectangular component on the bottom right.
